

INTELLIGENT MATERIAL SOLUTIONS

FOR INFINITE DESIGN POTENTIAL.
WHY NOT?

covestro.com

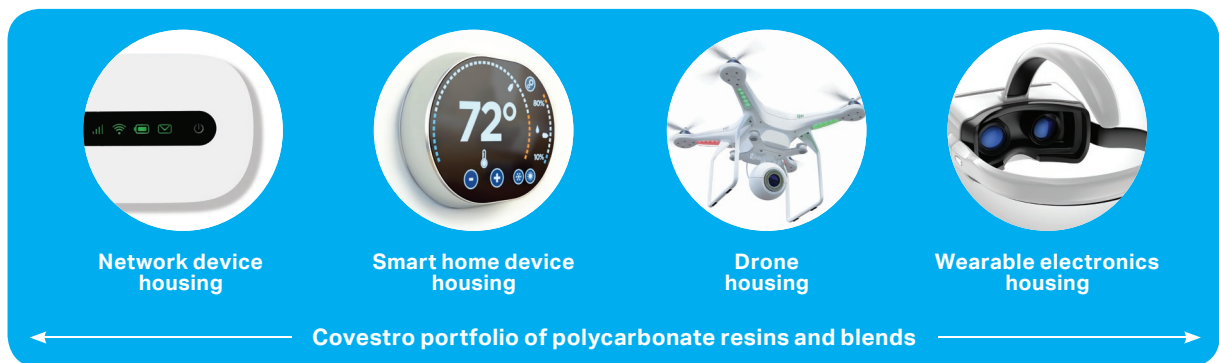

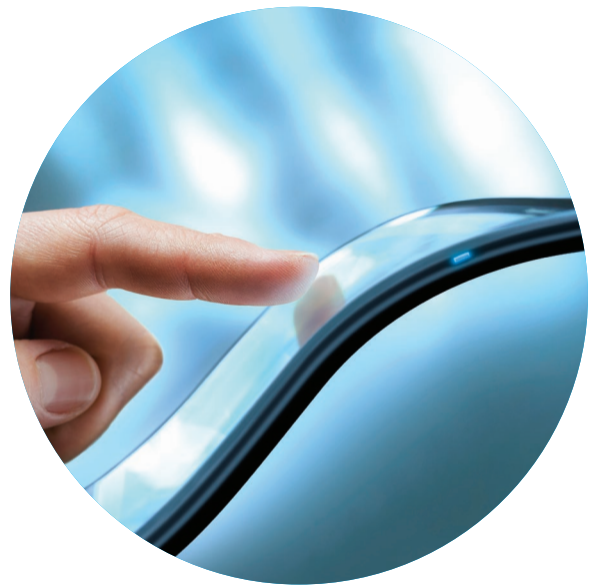

Pushing design boundaries for better products

The dynamic tech market is expanding rapidly as smart devices continue to make our lives easier and more convenient.

As tech-savvy customers look for modern designs that combine ultra-portability and trending aesthetics, your products must continue to innovate to stay competitive.

Covestro offers leading edge materials that greatly empower the way companies design devices of the future. High chroma colors, textures, and strength can be ingeniously manipulated for both the interior and exterior of devices.

At Covestro, we are committed to providing pioneering materials that inspire creativity in design on all levels.

Shaping innovation, revolutionizing design – Covestro polycarbonate

Covestro polycarbonate grades are highly customizable and versatile, allowing designers and engineers to create unique smart devices housings that are impact resistant and aesthetically attractive. It is also a cost effective and reliable material of choice.

BENEFITS OF COVESTRO POLYCARBONATE:

- Flame retardancy
- High resistance to common chemicals
- Fully meets requirements on recycling and banned substances
- High durability
- High gloss surfaces
- Highly customizable for color selection

The Covestro difference

As your dynamic partner-tailored technology supplier, Covestro offers expertise in premium materials and applications to help you strengthen your business strategy. Our value-add include business development and time-saving full services including material and engineering consulting and tooling expertise give your business the strong support you need to succeed.

Discuss your design needs and learn how Covestro polycarbonate material solutions can help. Email plastics@covestro.com to make an appointment with one of our consultants today.

DISCLAIMER

The manner in which you use and the purpose to which you put and utilize our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations, are beyond our control. Therefore, it is imperative that you test our products, technical assistance, information and recommendations to determine to your own satisfaction whether our products, technical assistance and information are suitable for your intended uses and applications. This application-specific analysis must at least include testing to determine suitability from a technical as well as health, safety, and environmental standpoint. Such testing has not necessarily been done by Covestro.

Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale which are available upon request. All information and technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed that you assume and hereby expressly release us from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information. Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with any claim of any patent relative to any material or its use. No license is implied or in fact granted under the claims of any patent.
